# VCE Exam Preparation Program for Units 1 & 3-16 Subjects Covered During the Easter Holidays

Our Easter Holiday Full Day (8 Hour) exam preparation program will assist students to thoroughly review all the Areas of Study as set out by the VCAA Study Design for each subject for each Unit. This will ensure that students revise all of the crucial content that may be emphasised on the examinations. This program is available for the following subjects for **Unit 3**:

- Specialist Mathematics
- Mathematical Methods
- Mathematical Methods (CAS)
- Physics
- Further Mathematics  
(Core plus one selected module will be covered)
- English  
(Analysis of Language Use plus one chosen Context)
- Chemistry
- Biology
- Psychology
- Accounting

This program is available for the following subjects for **Unit 1**:

- Mathematical Methods (CAS)
- English (Essay writing workshop)
- Physics
- Chemistry
- Biology
- Psychology

## Course details are described below:

- Each subject is designed to provide students with the most comprehensive preparation for the examinations.
- Emphasis will be placed on covering all Areas of Study as prescribed by the VCAA Study Design for each subject during the program. Each student will receive a comprehensive set of revision notes perfectly bound and professionally presented.
- Students will solve an extensive range of exam style questions ensuring they are thoroughly prepared for the examinations. 80 exam style questions will be given to each student with solutions provided upon the completion of the program.
- Students will be given ample opportunity to ask questions. We will ensure that each students' concerns are specifically addressed. Concepts found difficult will be clarified in detail.
- Students will receive regular breaks totalling at most one hour for each subject, except for Unit 1 English; break will be 30 minutes.

## Unique and Exclusive Course Benefits ...

### We Provide Students With the Smallest Class Sizes!

Rather than having large auditoriums of 300 to 500 students, at *TSSM* we ensure that our class sizes are the smallest. Each student is given equal opportunity to spend more time with the presenter ensuring that the program is targeting their specific needs. With the capacity to run multiple classes of each subject at one time, we have limited our Easter Holiday program to 40 students per class.

### Interactive and Flexible Programs

Students will be encouraged to ask questions at any point during each program to clarify key concepts that they find difficult. Students will benefit from our experienced presenters' flexibility and interaction on the day ensuring each student's specific concerns are addressed.

"Pat is a really good presenter, explains things well, asks us for answers, so you get good interaction." David Jackson.

### Most Comprehensive Course Notes -

#### Written to an A+ Standard

Students will receive a thorough set of notes for each program. These notes are being continually reviewed and enhanced in accordance with the specific details of the study design for each subject. Any changes to the study design, however minor are reflected in these notes. The study notes are perfectly bound and professionally presented.

"I have always found the revision notes greatly helpful and I am very satisfied with the program." *Skye Cashion.*

### At Least 80 Specific Examination Style Questions -

#### Provided During Each Easter Holiday Program

Students will receive at least 80 specific exam style questions for each Easter Holiday program. Not just review questions, these questions are written in a comparable fashion to those that students are likely to encounter in the official exams. It is extremely important for students to practice these types of questions in the lead up to their exams.

### VCAA Assessors, State Reviewers & Published Authors

Our VCE teachers are the very best! The majority of our teachers are VCAA Assessors, State Reviewers and Published Authors who have an in depth understanding of the specific course and assessment requirements of students. Our teachers have a knack for making students feel more comfortable in a friendly study environment encouraging student participation and interaction.

*Want to know who our presenters are for each subject?*

## BENEFITS & TESTIMONIALS

"Questions answered that were desperately needed. Helped with all problems. Gave a confidence boost. Excellent Presenter!!!" *Sam Decker.*

# At the VCE Exam Preparation Program Students will Develop ...

# 1&3

## Powerful Study Habits

By attending the Easter Holiday program, students will learn powerful study habits which will increase their efficiency and reduce their study time.

## A Deeper Knowledge of Examinable Areas

Students will be instructed by the very best VCE teachers on the specific knowledge requirements as set out by the VCAA Study Design for each subject.

"I thought this lecture was excellent. The presenter was excellent and this lecture has definitely improved my knowledge in this subject."  
Elyse Pereira.

"Good, comprehensive overview of the course. Extremely advantageous to have an examiner presenting, as problem areas on the exam are focused on. Small size of the class means interaction with presenter is easy, as opposed to 300+ in [company name withheld] lectures. Very confident that information is accurate and useful. Thanks!" Jessica Grimes.

## Accuracy and Speed

Students will be given extensive examination practice by completing at least 80 examination style questions for each subject.

## Effective Examination Techniques

Students will learn and enhance examination techniques used by the elite A+ students, proven to maximise their ENTER scores.

## Greater Self Confidence

Students will become more confident, more positive and less stressed about their examinations by developing greater self confidence in each subject area.

"Thank you very much. My confidence has increased dramatically, will be recommending to friends and family for years to come. Thank you!!"  
John Preston.

## Effective Problem Solving Strategies

This examination preparation program will focus on providing students with a systematic approach to solving more complex analytical type problems. These types of questions tend to carry greater weighting in the official VCAA examinations. With our proven systematic approach students have been able to obtain perfect scores for VCE subjects. In fact some of our past students have received the exclusive premier's award - only given to the top five students in the state!

*Did you know that ...*

*Over 300 schools currently use our VCE resources!*

*Last year 47.37% of our students scored an ENTER above 90!*

*Only 0.1949% of our students have ever asked for a refund - that's 1 in every 513!*
