

End-of-Year Revision Program running in Melbourne, Bendigo, Ballarat and Gippsland!

Victoria's most comprehensive Exam Preparation Programs Including:

- How to maximise your ATAR
- Effective problem solving strategies
- Detailed content reviews
- Essential exam practice
- Powerful study habits
- Superior exam techniques
- Time management skills
- Small, interactive classes

Book by September 6th 2010 and get 3 subjects for the price of 2!

Here's your opportunity to enrol in not one, but two of Victoria's leading VCE Exam Preparation programs. With 17 subjects to choose from, these outstanding programs are the perfect way to maximise your 2010 ATAR.

All TSSM classes are conducted by VCAA Assessors who have firsthand knowledge of the curriculum and exams. We keep our class sizes the smallest in the state, which means more interaction and direct question time for you!

Where:

Melbourne: The TSSM VCE Centre, Level 14, 474 Flinders Street Melbourne VIC 3000

Bendigo: Bendigo Senior Secondary College

Ballarat: University of Ballarat, SMB Campus

Gippsland: Monash University, Gippsland Campus

When: September 18th to October 24th 2010

Contact: Phone 1300 134 518 or visit www.tssm.com.au or email info@tssm.com.au

Educational Innovators

TSSM is a national leader in innovative VCE educational programs. We're committed to ensuring that every one of our students reaches their full potential.

Our professional and comprehensive revision programs never compromise on quality, and we're the only VCE educator in the country to offer a money back guarantee.

Your path to VCE success starts with:

- Advanced study skill development
- Better problem solving strategies
- Clear emphasis on key concepts in Units 2 & 4
- Comprehensive coverage of all Unit 2 & 4 study areas
- Effective exam preparation
- Improved self confidence
- Improved time management skills
- A+ level study notes & exam-style questions per subject

Develop Essential VCE Skills with

A Deeper Knowledge of Examinable Areas

You will be instructed by leading VCE teachers on the specific knowledge requirements that are set out by the VCAA Study Design for each subject.

A Practical Understanding of the Types of Questions Officially Examined by the VCAA

Through the completion of examination style questions, you will gain a solid understanding of the types of questions that will be examined. This is a critical part of successful exam preparation.

Greater Self Confidence

By developing greater self confidence in each subject area, you will become more confident and positive about your examinations.

Accuracy and Speed

Develop accuracy and speed through exposure to examination style questions, and being shown how to accurately construct your responses by VCE teachers who mark the exams.

Effective Examination Techniques

You will develop the enhanced examination techniques that are used by elite A+ students. These techniques are proven to maximise your ATAR score.

Powerful Study Habits

Learn effective study habits that will improve the efficiency of your study time, and help you through VCE and beyond.

September Holiday Exam Preparation Program - 9 hours

Held between September 18th and October 3rd 2010, our September Holiday exam preparation program helps you thoroughly review all key areas of study as outlined in the VCAA Study Design for each subject prior to the exam rush.

Direct emphasis is placed on detailed content review and probable exam questions. Experienced VCE assessors will provide hints, tricks and exam strategies for maximising ATAR scores.

Key features of this program

- 9 hours of detailed content review for each subject
- Emphasis is placed on learning and reviewing examinable content
- Each student receives a set of bound, comprehensive revision notes, written to an A+ level
- All students will solve an extensive range of exam style questions ensuring thorough preparation for the examinations
- Each student is presented with 80 exam-style questions, with solutions provided upon completion of the program
- Available for Unit 2 and Unit 4 subjects
- We allocate regular break time to a maximum of 90 minutes per subject, enabling students to stay focused and fresh
- An additional option for Mathematics students to attend a 3 hour Calculator Mastery Session. See page 5 for details.

Students attending the Unit 4 September Holiday English program must attend the analysis of language use, one context revision, plus one text revision. This structure has been adopted as it covers all the examination requirements for English. Students may select additional texts to attend.

Unit 4 subjects in Melbourne Only:

- Accounting
- Biology
- Business Management
- Chemistry
- Economics
- English
- Food and Technology
- Further Mathematics
- Health and Human Development
- IT Applications
- Legal studies
- Mathematical Methods (CAS)
- Outdoor and Environmental Studies
- Physical Education
- Physics
- Psychology
- Specialist Mathematics

Unit 2 subjects in Melbourne Only:

- Biology
- Chemistry
- English
- Mathematical Methods (CAS)
- Psychology
- Physics

“TSSM provide information to perfection, very useful and cover all areas for exams. Exceptional small class leaving us to have an interactive lecture. Teachers are professionals and their time and effort to put this lecture together is evident in the class.”

Risati Mataupu

End-of-Year Revision Program - 6.5 hours or 5.5 hours

Conveniently scheduled between October 16th and October 24th 2010 and just a couple of weeks before the final exams, the End-of Year revision program provides that all-important last opportunity to ask questions and clarify key examinable areas.

This program provides students with a detailed revision of all examinable subject content leading up to the end-of-year exams. As part of the emphasis of this program, each student will acquire up to the minute tricks, hints and strategies on how to blitz the final exams from experienced VCE assessors.

Key features of this program

- 6.5 hours of revision for the Melbourne programs or 5.5 hours revision for the regional programs
- Exam tricks, hints and strategies from experienced VCE assessors
- Common exam errors exposed!
- Each student receives a set of bound, comprehensive revision notes, written to an A+ level
- Access the TSSM '50 question quiz' which helps you identify, isolate, and improve your study weaknesses in each subject
- Conquer the Exams - Strategies for Exam Success Seminar, FREE with every End-of-Year Revision subject enrolment
- Each student will be given a trial examination paper with every subject (two for the mathematics subjects)
- A 30 minute break during the Melbourne 6.5 hour (4.5 hours on each subject + 2 hours Conquer the Exams seminar) program
- A 15 minute break during the Regional 5.5 hour (3.5 hours on each subject + 2 hours Conquer the Exams seminar) program

Unit 4 subjects held in Melbourne, Bendigo, Ballarat and Gippsland (please choose the venue on the enrolment form):

- Accounting
- Biology
- Business Management
- Chemistry
- Economics
- English
- Food and Technology
- Further Mathematics
- Health and Human Development
- IT Applications
- Legal studies
- Mathematical Methods (CAS)
- Outdoor and Environmental Studies
- Physical Education
- Physics
- Psychology
- Specialist Mathematics

Please note: the 6.5 hour program will be held in Melbourne, while the 5.5 hour program will be held in Bendigo, Ballarat and Gippsland.

Our VCE teachers will help you succeed

TSSM's teachers are among the best in the State. To give you the best chance of success, we've ensured that the majority of our teachers are VCAA Exam Assessors, State Reviewers, or Published Authors with an in depth understanding of the specific course and assessment requirements of the VCE.

Our teachers have a knack for simplifying subject content that VCE students find difficult into more understandable and practical forms. This is done through their excellent communication skills and their love for teaching. This in turn helps VCE students optimise their performance in exams.

For more information about our teachers, visit us online at www.tssm.com.au or phone us on 1300 134 518.

TSSM Program Advantages

By taking part in one or both of our unique exam preparation programs, you will develop sophisticated problem solving and time management skills, as well as powerful study habits and exam techniques that will help you excel in VCE and beyond!

All students who take part in our September Holiday Program or End-of-Year Revision Program classes also receive:

- Practice with probable exam questions
- Thorough tuition on core VCE concepts
- Professional concept revision
- An open, 'ask questions' teaching environment
- Assistance on examination tricks, common student pitfalls and errors
- Interactive teaching that reinforces concepts taught at schools
- Individual motivation and support

Additional Benefits

- Classes are conducted by VCAA Assessors, State Reviewers and Published Authors
- Small, interactive classes – you will benefit from interactive engagement with our teachers
- Friendly, helpful teachers
- Each subject provides the most comprehensive exam preparation currently available with a revision of up to 15.5 hours (when students enrol in both programs)
- Classes cover all Areas of Study as prescribed by the VCAA Study Design
- We provide plenty of opportunities to ask questions

Students are encouraged to attend both the September Holiday Program and the End-of-Year Revision Program for a given subject. This will provide students with the most detailed and comprehensive revision with an unparalleled 15.5 hours of class time!

"The provided notes were excellent. The presenter was fantastic and very professional. It definitely boosted my confidence in Physics."

Sarah Gilbert

"Great notes, great presenter, and great atmosphere; I'd recommend it to all."

Daniel Trimarchi

"I liked the small class sizes. It was less intimidating to ask questions. I have been to lectures in universities that I didn't want to ask questions in."

Eliza Johnson

"It was just a fantastic in-depth overview of the semesters work. It was brilliant."

Celeste Coyne

"This program was beneficial as it provided students with a comprehensive set of notes. The lecturer was interactive with the audience but also varied it up by showing videos of how these concepts applied to every day life. Overall I was very satisfied."

Jessica Clark

"A very thorough and well explained lecture. We covered details we missed at school. This has set me up for the exam. Thank you."

Chloe Abel

Subject Details

Please note that the following subjects are offered on a unit by unit basis. **Students enrolling in the September Holiday Program must specify whether they are enrolling in the Unit 2 or Unit 4 course of their chosen subject. The End-of-Year Revision Program is only offered for Unit 4 subjects.**

Accounting

Learn about all Unit 4 Areas of Study including; Extension of Recording and Reporting; and Financial Planning and Decision-Making.

Teacher Details*:

Mr. Adrian Peacock – BBus. (Accounting), Grad. Dip. (Chartered Accounting), Grad. Dip. Ed.; Experienced VCE Teacher & VCE Assessor – Senior Teacher at Fintona Girls' School.

Biology

Achieve a detailed understanding of the key areas of study for;

Unit 2: Adaptations of organisms; and Dynamic ecosystems. or

Unit 4: Heredity; and Change over time.

Teacher Details*:

Ms. Helen Ball – BAppSc. (Biotech), Grad. Dip. Ed.; Experienced VCE Teacher & VCE Assessor – Senior Teacher at Overnewton Anglican Community College.

Business Management – New Study Design

Gain a thorough understanding of all Units 3 & 4 Areas of Study including; Large-scale organisations in context; Internal environment of Large-scale organisations; Human resource management function; and The management of change.

Teacher Details*:

Ms. Helen Voidis – BComm., Dip. Ed.; Experienced VCE Teacher & VCE Assessor – Assistant Principal & Senior Teacher at Charles La Trobe College.

Chemistry

Develop a thorough understanding of the key areas of study for;

Unit 2: Water; and The Atmosphere. or

Unit 4: Industrial chemistry; and Supplying and using energy.

Teacher Details*:

Mr. Pat O'Shea – BAppSc. (Chem.), Grad. Dip. Ed.; Experienced VCE Teacher, VCE Assessor & VCE Author – Vice Principal & Senior Teacher at Loreto College.

Economics – New Study Design

Develop a thorough understanding of all Units 3 & 4 Areas of Study including; An introduction to microeconomics: The market system and resource allocation; An introduction to macroeconomics: Output, employment and income; Macroeconomic demand management policies; and Aggregate supply policies.

Teacher Details*:

Mr. Robert Shields – B.Economics (Hons), Dip. Ed., MEd.; Experienced VCE Teacher & VCE Assessor – Senior Teacher at Melbourne Grammar School.

Food and Technology

Learn about all Units 3 & 4 Areas of Study including; Food preparation and processing; Maintaining food safety in Australia; Developing a design plan folio; Implementing a design plan; Product development; and New and emerging food trends.

Teacher Details*:

Ms. Karen Koutsodontis – BAppSc. (Food Technology, Health & Psychology), BEd.; Experienced VCE Teacher & VCE Author – Senior Teacher at Mill Park S.C.

IT Applications

Develop a clear understanding of all Units 3 & 4 Areas of Study including; Problem-solving; Organisations: Networks and collaborative problem-solving; Organisations and information needs; and Data and information security.

Teacher Details*:

Ms. Dianne Hay – BComputing (IT), BBus. (Accounting), Grad. Dip. Ed. (Sec.); Experienced VCE Teacher & VCE Assessor – Senior Teacher at Lyndale S.C.

“TSSM’s September holiday program is a great way to brush up on all the areas you have covered. A great range of questions is provided that help you identify which areas you need to focus on. I advise students to take on TSSM programs.”

Matthew Selim

“I found the notes useful and user-friendly and I learnt a lot of tricks and shortcuts that I will most likely use in the exam. Thank you.”

Subha Perera

English

Develop a practical grasp of key areas of study for either Unit 2 or Unit 4 level subjects including; Reading and responding; Creating and presenting; and Using language to persuade.

Unit 2: A comprehensive essay writing workshop targeting all of the above listed areas of study as part of the September Holiday Program only. or

Unit 4: A three part detailed course as part of the September Holiday Program which covers:

Part 1: Analysis of Language Use (2 hours) and

Part 2: A thorough analysis of one of the following four Contexts: The Imaginative Landscape, Encountering Conflict, Whose Reality? or Exploring Issues of Identity and Belonging. (4.5 hours)

and

Part 3: A thorough analysis of one or more selected texts. (2 hours on each text)

NB: student’s select their own Context and Texts on the enrolment form.

Please Note: The End-of-Year Revision program for Unit 4 English is an essay writing workshop which provides students with the fundamentals of the different essay styles required for the final examination. This program will not cover specific contexts or texts.

Teacher Details*:

Ms. Anna Purcell – BA. (English - Hons), Dip. Ed., Dip. R.E.; Experienced VCE Teacher, VCE Assessor & VCE Author – Senior Teacher at MacRobertson Girls’ H.S.

Further Mathematics

Achieve a greater understanding of all Units 3 & 4 Areas of Study including Data Analysis (core); and Applications three of the following modules; Module 1: Number Patterns; Module 2: Geometry & Trigonometry; Module 3: Graphs & Relations; Module 4: Business-Related Mathematics; Module 5: Networks & Decision Mathematics; or Module 6: Matrices.

Teacher Details*:

Mr. Justin Staunton – BA. (Maths), BEd. (Maths); Experienced VCE Teacher & VCE Assessor – Campus Coordinator & Senior Teacher at Mercy Regional College.

Health and Human Development – New Study Design

Gain a comprehensive understanding of all Units 3 & 4 Areas of Study including; Understanding Australia’s health; Promoting health in Australia; Introducing global health and human development; and Promoting global health and human development.

Teacher Details*:

Ms. Alison Hay – BTeaching, BAppSc. (Health); Experienced VCE Teacher & VCE Assessor – Senior Teacher at St Michael’s Grammar School.

Legal Studies

Achieve a thorough understanding of all Units 3 & 4 Areas of Study including; Parliament and the citizen; Constitution and the protection of Rights; Role of the courts; Criminal cases and civil disputes; and Court processes and procedures.

Teacher Details*:

Ms. Ersilia Bruno – BA. (English & Legal Studies), Dip. Ed.; Experienced VCE Teacher & VCE Assessor - Senior Teacher at Loyola College.

Outdoor and Environmental Studies

Develop a clear understanding of all Units 3 & 4 Areas of Study including; Historical perspectives; Contemporary relationships with natural environments; Healthy natural environments; and Sustaining environments.

Teacher Details*:

Mr. Leigh Park – BA. (Environmental Studies & Psychology), MEd., Grad. Dip. Ed.; Experienced VCE Teacher, VCE Assessor & Author – Senior Teacher at Bacchus Marsh G.S.

Maths Methods (CAS)

Develop a thorough understanding of the key areas of study for;

Unit 2: Functions and Graphs; Algebra; Rates of Change; and Probability (introductory probability).or

Units 3 & 4: Functions & Graphs; Algebra; Calculus (differential and integral); and Probability.

Teacher Details*:

Mr. Brian Stokes – BSc. (Maths), MSc. (Maths), Dip. Ed.; Experienced VCE Teacher – Senior Teacher at Glen Waverley S.C.

Physical Education

Develop a comprehensive understanding of all Units 3 & 4 Areas of Study including; Monitoring and promotion of physical activity; Physiological requirements of physical activity; Enhancing fitness through training; and Strategies for enhancing sports performance.

Teacher Details*:

Mr. Trent Silk – BAppSc. (Human Movement), Grad. Dip. Ed.; Experienced VCE Teacher & VCE Assessor – Senior Teacher at Lilydale H.S.

Physics

Gain a comprehensive understanding of the key areas of study for:

Unit 2: Motion; Wave-like properties of light; and Detailed Study (either; ‘Investigations: Flight’; ‘Investigations: Sustainable energy sources’; or ‘Medical physics’). or

Unit 4: Electric power; Interactions of light and matter; and Detailed Study (either; ‘Synchrotron and its applications’; ‘Photonics’; or ‘Sound’).

Teacher Details*:

Mr. Greg Falk – BSc. (Physics & Maths), BA., MA. Dip. Ed., Dip. Geoscience; Experienced VCE Teacher – Senior Teacher at Wesley College.

Psychology

Develop a clear understanding of the key areas of study for:

Unit 2: Introduction to neurons and nervous system; Individual differences; and Social attitudes, or

Unit 4: Memory; Learning; and Research Investigation.

Teacher Details*:

Ms. Jodie Warner – BSoc. Sc. (Psychology), Dip. Ed.; Experienced VCE Teacher & VCE Presenter – Senior Teacher at Ruyton Girls’ School.

Specialist Mathematics

Achieve a practical understanding of all Units 3 & 4 Areas of Study including; Functions, relations and graphs (including circular functions); Algebra (including complex numbers); Calculus (differential, integral, differential equations and kinematics: rectilinear motion); Vectors (including vector calculus); and Mechanics.

Teacher Details*:

Mr. Viorel Sandulache – BSc. (Hons), Grad. Dip. Ed. (Maths & Science); Experienced VCE Teacher & VCE Author – Head of Maths & Senior Teacher at Nazareth College.

*** Due to the popularity of our courses, we regularly allocate more than one teacher to a subject. This is always the case when Unit 2 and Unit 4 subjects run concurrently. Unit 2 and Unit 4 subjects run as completely separate courses and classes. For details of our other excellent teachers please visit www.tssm.com.au.**

Program Dates & Times

September Holiday Program - VCE Unit 2

Venue: TSSM's VCE Centre. Level 14, 474 Flinders Street, Melbourne.

Investment: \$145 per subject. Regular breaks are scheduled throughout the day. The maximum break allocation per unit is 90 minutes.

Investment for Unit 2 English: \$91. Unit 2 English is given a 30 minute break.
