back guarantee on
VCE services**

Designed with high achievers in mind

TSSM's exclusive Advantage Classes are VCE Intensive Weekly Tutorial Classes that provide students with exam preparation designed for those who are specifically targeting an ATAR of above 90.

Our team of specialist VCE teachers understand the academic demands placed on high achieving students and have spent hundreds of hours developing The Advantage Classes for each subject.

Each weekly tutorial class addresses the finer details of the VCAA Study Design for each subject. This ensures that students receive the most in depth examination preparation possible.

Weekly sessions run for 2 hours and thoroughly revise all examinable Areas of Study in Units 2 or 3 & 4.

The Advantage Classes and The Extension Classes (which include The Advantage Classes) are available for Units 2, 3 & 4 as follows:

UNITS 3 & 4 SUBJECTS

- Accounting
- Biology
- Business Management
- Chemistry
(including the Paired Comparison and Texts)
- English Language
- Further Mathematics
(including core plus 2 chosen modules)
- Economics
- Health & Human Development
- Legal Studies
- Mathematical Methods
- Physical Education
- Physics
- Psychology
- Specialist Mathematics

UNIT 2 SUBJECTS

- Chemistry
- Physics *(including only the core Areas of Study)*
- Mathematical Methods

Small, interactive classes are just the beginning

Program details

TSSM offer two programs for students seeking the elite A+ VCE scores, **The Advantage Classes** and **The Extension Classes**. Students who are committed to achieving the highest study scores should enrol in The Extension Classes. Students attending The Extension Classes will be given up to **13.5 hours more comprehensive exam instruction** on each subject. The Extension Classes include the The Advantage Classes.

The Advantage Classes - Minimum of 31 hours

The Advantage Classes will provide students a minimum of 31 hours of instruction which will include:

- 2hr weekly classes over 10 weeks (20hrs)
- Subject Specific Exam Revision Day (9hrs)
- 'Conquer the Exams' - Strategies for Exam Success Seminar (2hrs)

Weeks 1 to 10 - Intensive Weekly Tutorial Classes - 20 hrs

Weeks 1 to 10 are designed to help you engage in a detailed and progressive revision of your chosen subject which is designed to help you achieve the **highest possible marks** for your SACs and VCAA examinations.

Our classes usually consist of 8-12 students, which means that you can take advantage of having direct contact with our teachers.

All examinable topics will be addressed systematically, and you will practise examination style questions weekly. Throughout these 10 weeks, you will acquire:

- A comprehensive understanding of your chosen VCE subject
- A detailed review of the examinable content, ahead of time
- Extensive exam practice
- A+ level revision notes
- Improved self confidence

Teachers will work to the pace and needs of their students. And if this means that we cannot complete the entire course content within the allocated time, additional classes will be provided **complementary!**

Duration: A minimum of 20 hours = 2 hours per week for ten weeks.
Offering: The Advantage Classes are offered for every subject.

BONUS 9 HOURS OF REVISION: Subject Specific Exam Revision Day (9 hrs)

Students who enrol in our Weekly Tutorial Programs will be given a complementary subject specific 9 hour Exam Revision Day, for the same subject, held during the September Holidays. Normally valued at \$159 per subject.

This 9 hour Exam Revision Day will give students an excellent opportunity to review the entire year's content in one intense day, providing them with another perspective on the most critical examinable content in each subject.

Dates and times will be provided at a later date and in due course.

Duration: 9 hours in total over 1 day during the September Holidays.

'Conquer the Exams' - Strategies for exam success seminar

In this 2 hour session you will learn the essential techniques and strategies used by high performing students to achieve elite results in their exams. From high level exam skills and powerful study habits to how to maximise your time before and during the exam, you too can conquer the exams!

Date and Time: 2 hours. Choice of 3 dates. See timetable on page 5.
Speaker Details: Mr. Hanna Farah – Empowerment Coach.

The Extension Classes - An additional 4.5 to 13.5 hrs

These classes are designed to review, enhance and refine each student's knowledge and examination skill-set through specific instruction by expert teachers who mark the VCAA examination.

Subject Mastery Extension Course.

Thorough and meticulous consolidation (4.5 hrs)

After the completion of week 10 of The Advantage Classes, students enrolled in The Extension Classes will attend a 4.5 hour subject specific class, that will **both recap and extend** on knowledge covered throughout the weekly intensive tutorial classes.

TSSM's dedicated **teachers who mark the real VCAA exams**, will be systematically guiding students through a rigorous examination based class, giving students an opportunity to **develop methodical and precise exam practices**.

Students who partake in the course will receive **essential examination knowledge** and experience, giving them a **distinguishing advantage** as they prepare for success in the VCE exams, ahead of time!

Duration: 4.5 hours over 1 day.

Offering: Offered for every subject.

Additional Maths and Science Applications & Extension Questions Classes (9 hrs) - (For Units 3 & 4 Biology, Chemistry, Maths Methods, Physics and Specialist Maths Only)

These classes offer students the benefit of specific instruction on the most critical, **difficult and highly probable applications and extension questions** that are essential for achieving the **elite scores** for each subject.

During these classes, our expert teachers will breakdown each question to show students where the exam marks are given, ensuring that students are provided with every opportunity to understand the VCAA marking schemes and requirements for each question. This will enable students to **obtain every possible mark** during their examinations that may otherwise be missed.

Duration: 9 hours in total over 1 day.

Offering: **Only offered to students enrolled in Units 3 & 4 Biology, Chemistry, Maths Methods, Physics and Specialist Maths.**

"I found these classes very helpful. They were well structured and I liked that the program was so specifically tailored for the exam. Everything was very relevant and the notes and questions were great revision."

Natala Perera

"This exam revision program has provided me with an edge over the other students to do well in the exam. Extra notes and help has broadened my understanding of the topics revised this semester."

Amandeep Singh

Our VCE teachers will help you succeed

TSSM's teachers are among the best in the State. To give you the best chance of success, we've ensured that the majority of our teachers are VCAA Exam Assessors, State Reviewers, or Published Authors with an in depth understanding of the specific course and assessment requirements of the VCE.

Our teachers have a knack for simplifying subject content that VCE students find difficult into more understandable and practical forms. This is done through their excellent communication skills and their love for teaching. This in turn helps VCE students optimise their performance in SACs and exams. For more information about our teachers, visit us online at www.tssm.com.au or phone us on 1300 134 518.

"The weekly tutorial classes offered by TSSM give students the opportunity to be exposed to the subject content from a different point of view. However, TSSM's tutorials are not just about covering the content! Small class sizes enable the teachers to provide information that is specific to the needs of the students, as well as providing an additional level of support for VCE students. As a teacher, my aim is to draw on my experience from both teaching and assessing in order to provide insight into studying, course content and the examinations."

Ms. Helen Ball, one of the dedicated teachers at TSSM.

Exclusive Benefits of Our Weekly Tutorial Programs

As part of our interactive tutorials students receive:

- Detailed and comprehensive **A+ level revision notes** written by **VCAA assessors**, specifically developed to **cover every study design dot point**
- Hundreds of **probable examination questions**
- **Full solutions** to all examination questions outlining **marking schemes**

Our teachers will ensure that students receive:

- Weekly **advice and guidance** on upcoming **SACs** and school work
- Dedicated **question time** before and after class
- **Detailed one-to-one tuition** on core VCE concepts
- Efficient concept revision progressively minimising pre-examination **workloads** and **pressures**, hence **reducing stress levels** throughout the year
- Guidance on **examination tricks, common student pitfalls and student errors**
- Interactive teaching that **reinforces concepts** taught at schools
- **Revision of examinable material** every week, **keeping it fresh in mind** whilst being challenged by new ways of viewing concepts and solving questions
- **Motivation and support**

By attending TSSM's tutorial classes students will develop:

- Thorough and **detailed key knowledge** on examinable concepts
- **Problem solving strategies** often known only by the **elite students**
- **Speed and efficiency** when answering examination questions
- Examination **time management skills**
- The skills necessary to **optimise examination performance** and **maximise your ATAR** through tested and proven strategies
- **Effective strategies** on how to work through the **analysis** and more difficult **examination questions**
- Greater **Self-confidence** by regularly applying learned knowledge to examination style questions

BONUS FEATURE: Only 8 to 12 students per class!

We insist upon providing students with the smallest class sizes in Melbourne! Benefit from our smaller class sizes with:

- Better content coverage
- One-to-one attention
- An interactive and question-based approach to learning
- Faster and more personalised learning

Please enrol early to secure your place as many of our classes book out well before the closing date.

Essential VCE skills that you won't learn anywhere else

A Deeper Knowledge of Examinable Areas

You will be instructed by leading VCE instructors on the specific knowledge requirements that are set out by the VCAA Study Design for each subject.

A Practical Understanding of the Types of Questions Officially Examined by the VCAA

Through intensive weekly instruction and the completion of examination style questions, you will gain a solid understanding of the types of questions that will be examined. This is a critical part of successful exam preparation.

Accuracy and Speed

You will be given extensive examination practice by completing hundreds of examination style questions and a trial examination paper under strict time constraints as recommended by the VCAA.

Effective Examination Techniques

You will develop the enhanced examination techniques that are used by elite A+ students. These techniques are proven to maximise your ATAR.

Problem Solving Strategies

We provide you with a systematic approach to solving complex analytical problems. Complex problems generally carry greater weight in the official VCAA examinations. With our proven problem solving strategies students have been able to obtain perfect study scores for VCE subjects.

Greater Self Confidence

By developing greater self confidence in each subject area, you will become more confident and positive about your examinations.

Powerful Study Habits

By attending the weekly sessions, you will make preparing for examinations a regular habit. This in turn increases your efficiency and optimises your study time.

Subject Specific Problem Solving Skills for SACs

As well as developing greater examination skills, you will also learn how to enhance your problem solving skills. This is essential for high performance in School-assessed Coursework.

"I gained extra motivation and understanding in my studies as well as extra confidence. TSSM was the best thing I did for my schooling."

Natalie Studdert

BONUS FEATURE: Additional Classes and Class Time!

Each student will have as much time as they need to receive a comprehensive exam preparation of Unit 2 or Units 3 & 4 content. TSSM is committed to offering as many **additional classes** as required and we will **extend class times** when students require extra contact time with our expert teachers.

In addition students will have the opportunity to **attend repeat classes** as required. This is helpful when students need more instruction on a particular concept or topic.

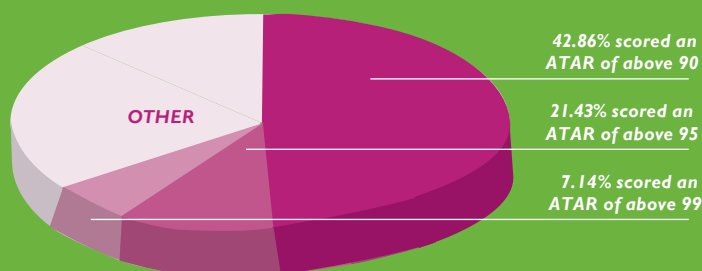

Success Rates

Our success rates speak for themselves! We're the only educational company in Victoria that actively collates and publishes statistics on the ATARs of our students.

We're proud of the results from our 2016 students! Data reveals that 42.86% of our enrolled students achieved an ATAR above 90! Over 21% of those scored above 95! And 7.14% of those scored above 99!

And... 58.82% of our students received a study score of 40 or above for at least one subject!

'5.88% of our students received a study score of 50 (and received a premier's award) for at least one subject!'

"TSSM is extremely professional and cares about its students. It provides a wonderful environment (eg. clean, water and fruit available in the study centre) that is safe, comfortable and which gives a great foundation to learn."

Lucy Harris

"It has helped me a lot with my revision process, as the weekly notes are excellent for revising and the questions are very challenging."

Sayonne Sivalingam

"TSSM definitely helped and supported me throughout the year. I now feel more confident about the exams and also the SACs which I would have otherwise struggled with. The teachers are helpful and friendly and I felt very welcomed."

Lenni Karmis

"Jodie was an excellent teacher! We covered the material well and I can't wait to be back again next semester. Class was heaps of fun!"

Virnushee Balendran

"By attending the intensive weekly tutorials, I have gained a great deal of knowledge which will help me with the exam. It has resulted in increased scores in my school SACs."

Ben Xin

"Although we were taught everything in the course at school, TSSM made it easier to understand this material by going beyond the course and reinforcing material that was covered in class."

Nicholas Chan

"I was able to approach my classes with more confidence, as I knew how to work out problems in an efficient way."

Julia Buras
