Small, interactive classes are just the beginning

VCE 'Advantage 10+' Classes - Program details

Our Intensive Weekly Tutorial Classes are highly specialised workshops that prepare students for elite A+ VCE scores. Students attend TSSM tutorials on a weekly basis, in addition to their regular classes at school. All tutorials are held outside school hours, both after school and on weekends. As part of our interactive tutorials students receive:

- Exposure to probable examination questions
- Dedicated question time before and after class
- Detailed tuition on core VCE concepts
- Efficient concept revision that minimises pre-examination workloads and pressures
- Guidance on examination tricks, common student pitfalls and errors
- Interactive teaching by teachers who are VCAA Assessors, that reinforces concepts taught at schools
- Motivation and support
- An unparalleled minimum of 32 hours of tutorial contact time.

PART 1 - Weeks 1 to 10: Intensive Subject Specific Exam Preparation Tutorials

Weeks 1 to 10 are designed to help you engage in a detailed and progressive revision of your chosen subject which is designed to help you achieve the **highest possible marks** for your SACs and Examinations.

Our classes usually consist of 8-12 students, which means that you can take advantage of having direct contact with our teachers.

All examinable topics will be addressed systematically, and you will practice examination style questions weekly. Throughout these 10 weeks, you will acquire:

- A comprehensive understanding of your chosen VCE subject
- A detailed review of the examinable content, ahead of time
- Extensive exam practice
- A+ level revision notes
- Improved self confidence

Teachers will work to the pace and needs of their students. And if this means that we cannot complete the entire course content within the allocated time, **additional classes** will be provided **complimentary**!

Duration: A minimum of 30 hours = 3 hours per week for 10 weeks.

Offering: The 'Advantage 10+' Classes are offered for every subject.

PART 2 - 'Conquer the Exams' - Strategies for exam success seminar

In this 2 hour session you will learn the essential techniques and strategies used by high performing students to achieve elite results in their exams. From high level exam skills and powerful study habits to how to maximise your time before and during the exam, you too can conquer the exams!

Duration: 2 hours.

Offering: Offered to all students attending the 'Advantage 10+' Classes.

"I found these classes very helpful. They were well structured and I liked that the program was so specifically tailored for the exam. Everything was very relevant and the notes and questions were great revision."

Extend with the best VCE educational provider!

Add 'Extension 13', 'Extension 17' or 'Extension 26' Classes - Units 3 & 4 subjects only

These classes are designed to review, enhance and refine each student's knowledge and examination skill-set through specific instruction by our expert teachers. After the completion of week 10 of the 'Advantage 10+' Classes, students enrolled in the 'Extension 13', 'Extension 17' or 'Extension 26' will complete the following:

For the 'Extension 13' Classes:

- Two Subject Specific Exam Revision Days;
 1. September Holiday Exam Preparation Program (9 hrs); and
 2. End-of-Year Exam Revision Program (4.5 hrs).

For the 'Extension 17' Classes:

- Two Subject Specific Exam Revision Days;
 1. September Holiday Exam Preparation Program (9 hrs); and
 2. End-of-Year Exam Revision Program (8 hrs).

For the 'Extension 26' Classes:

- Two Subject Specific Exam Revision Days;
 1. September Holiday Exam Preparation Program (9 hrs); and
 2. End-of-Year Exam Revision Program (8 hrs); and
- Maths and Science Applications & Extension Questions Classes (9 hrs).

NB: Please refer to the Program Dates and Times section on page 4 of this brochure for the Extension options available for each subject.

Two Subject Specific Exam Revision Days

1. September Exam Preparation Program - 9 hour Exam Preparation Day
Students enrolling in our 'Extension 13', 'Extension 17' or 'Extension 26' Classes will be eligible to attend our September Holiday Exam Preparation Program for the same subject they are enrolled into.

2. End-of-Year Exam Revision Program - 4.5 or 8 hour Exam Revision Day
Students enrolling in our 'Extension 13', 'Extension 17' or 'Extension 26' Classes will be eligible to attend our End-of-Year Exam Revision Program for the same subject they are enrolled into.

Dates and times will be provided at a later date and in due course.

Maths and Science Applications & Extension Questions Classes (9 hrs)

These classes offer students the benefit of specific instruction on the most critical, **difficult and highly probable applications and extension questions** that are essential for achieving the **elite scores** for each subject.

During these classes, our expert teachers will breakdown each question to show students where the exam marks are given, ensuring that students are provided with every opportunity to understand the VCAA marking schemes and requirements for each question. This will enable students to **obtain every possible mark** during their examinations that may otherwise be missed.

NB: Only offered to students enrolled in Units 3 & 4 Biology, Chemistry, Maths Methods, Physics and Specialist Maths.

Our VCE teachers will help you succeed

TSSM's teachers are among the best in the State. To give you the best chance of success, we've ensured that the majority of our teachers are VCAA Exam Assessors, State Reviewers, or Published Authors with an in depth understanding of the specific course and assessment requirements of the VCE.

Our teachers have a knack for simplifying subject content that VCE students find difficult into more understandable and practical forms. This is done through their excellent communication skills and their love for teaching. This in turn helps VCE students optimise their performance in SACs and exams. **For more information about specific teachers for each subject, including complete teacher profiles, visit us online at www.tssm.com.au or phone us on 1300 134 518.**

- **Thorough** content coverage
- **One-to-one** attention
- An interactive and **question-based approach** to learning
- **Faster and more personalised learning**

Additional Classes and Class Time!

Each student will have as much time as they need to receive a comprehensive exam preparation of Unit 2 or Units 3 & 4 content. TSSM is committed to offering as many **additional classes** as required and we will **extend class times** when students require extra contact time with our expert teachers.

Repeat Classes

In addition students will have the opportunity to **attend repeat classes** as required. This is helpful when students need more instruction on a particular concept or topic.

"This exam revision program has provided me with an edge over the other students to do well in the exam. Extra notes and help has broadened my understanding of the topics revised this semester."

Success Rates^{*}

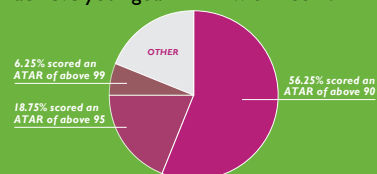

Our success rates speak for themselves!

We're proud of the results from our 2019 students!

Data reveals that 56.25% of our students achieved an ATAR of above 90! Over 18.75% of our students scored above 95! And 6.25% of those scored above 99! And... 72.73% of our students received a study score of 40 or above for at least one subject!

Our classes provide students with the essential subject knowledge and examination skills necessary to cultivate elite ATAR scores in a friendly and effective environment.

Give yourself the best chance to achieve your goal ATAR with TSSM.

* Data has been compiled from all approved students who attended our 2019 weekly tutorial classes. Scores are based on the data received on the time of printing.

Maximise your ATAR with Essential VCE skills

A Deeper Knowledge of Examinable Areas

You will be instructed by leading VCE instructors on the specific knowledge requirements that are set out by the VCAA Study Design for each subject.

A Practical Understanding of the Types of Questions Officially Examined by the VCAA

Through intensive weekly instruction and the completion of examination style questions, you will gain a solid understanding of the types of questions that will be examined. This is a critical part of successful exam preparation.

Accuracy and Speed

You will be given extensive examination practice by completing hundreds of examination style questions under strict time constraints as recommended by the VCAA.

Effective Examination Techniques

You will develop the enhanced examination techniques that are used by elite A+ students. These techniques are proven to maximise your ATAR.

Problem Solving Strategies for Examinations and SACs

We provide you with a systematic approach to solving complex analytical problems. Complex problems generally carry greater weight in the official VCAA examinations. With our proven problem solving strategies students have been able to obtain perfect study scores for VCE subjects.

As well as developing greater examination skills, you will also learn how to enhance your problem solving skills. This is essential for high performance in School-assessed Coursework.

Greater Self Confidence

By developing greater self confidence in each subject area, you will become more confident and positive about your examinations.

Powerful Study Habits

By attending the weekly sessions, you will make preparing for examinations a regular habit. This in turn increases your efficiency and optimises your study time.

In-person & Live and Online

- ✓ All TSSM presenters are qualified teachers who mark the real exams and have specific expertise in their subjects.
- ✓ Every class will be offered "In-person" at TSSM's VCE Centre in Melbourne and "Live and Online". Students can choose.
- ✓ Whether attending the class "In-person" or Live and Online" all students will have access to the most interactive classes where they are encouraged to ask questions in our small interactive learning environments.
- ✓ Students attending TSSM's classes will have unlimited access to recordings of each class (upon request) for 7 days following the completion of each week at no additional cost.

All of our classes will reflect the current VCAA 2020 adjusted study designs for each subject.
