Educational Innovators

TSSM is a national leader in innovative VCE educational programs. We're committed to ensuring that every one of our students reaches their full potential.

Our professional and comprehensive revision programs never compromise on quality, and we're the only VCE educator in the country to offer a money back guarantee.

Your path to VCE success starts with:

- Advanced study skill development
- Better problem solving strategies
- Clear emphasis on key concepts in Units 2, 3 & 4
- Comprehensive coverage of all Units 2, 3 & 4 study areas
- Effective exam preparation
- Improved self confidence
- Improved time management skills
- A+ level study notes & exam-style questions per subject

Develop Essential VCE Skills with

A Deeper Knowledge of Examinable Areas

You will be instructed by leading VCE teachers on the specific knowledge requirements that are set out by the VCAA Study Design for each subject.

A Practical Understanding of the Types of Questions Officially Examined by the VCAA

Through the completion of an extensive range examination style questions, you will gain a solid understanding of the types of questions that will be examined. This is a critical part of successful exam preparation.

Greater Self Confidence

By developing greater self confidence in each subject area, you will become more confident and positive about your examinations.

Accuracy and Speed

Develop accuracy and speed through exposure to all types of examination style questions, and being shown how to accurately construct your responses by VCE teachers who mark the exams.

Effective Examination Techniques

You will develop the enhanced examination techniques that are used by elite A+ students. These techniques are proven to maximise your ATAR.

Powerful Study Habits

Learn effective study habits that will improve the efficiency of your study time, and help you through VCE and beyond.

September Holiday Exam Preparation Program - 9 hours

Held between September 21st and October 6th 2019, our September Holiday exam preparation program helps you thoroughly review all key areas of study as outlined in the VCAA Study Design for each subject prior to the exam rush.

Direct emphasis is placed on detailed content review and probable exam questions. Experienced VCE assessors will provide hints, tricks and exam strategies for maximising ATAR scores.

Key features of this program:

- 9 hours of detailed content review for each subject
- Emphasis is placed on learning and reviewing examinable content.
- Each student receives a set of bound, comprehensive revision notes, written to an A+ level
- All students will solve an extensive range of exam style questions ensuring thorough preparation for the examinations
- Each student is presented with at least 80 exam-style questions, with solutions provided upon completion of the program
- Available for Unit 2 and Units 3 & 4 subjects
- We allocate regular break time to a maximum of 90 minutes per subject, enabling students to stay focused and fresh
- An additional option for Mathematics students to attend a 3 hour Calculator Mastery Session. See page 5 for details.

Students attending the Unit 4 September Holiday English program must attend the Analysing and presenting argument session, one Paired Comparison revision, plus one text revision. This structure has been adopted as it covers all the examination requirements for English. Students may select additional texts to attend.

Units 3 & 4 subjects held in Melbourne Only:

- Accounting
- Biology
- Business Management
- Chemistry
- Economics
- English
- English Language
- Food Studies

Additional Subject Specific Maths & Science Applications & Extension Questions Classes (9 hrs per subject)

In addition to the September Holiday Program these classes offer students the benefit of specific instruction on the most critical, difficult and highly probable applications and extension questions that are essential for achieving the elite scores for each subject.

During these classes, our expert teachers will breakdown each question to show students where the exam marks are given, ensuring that students are provided with every opportunity to understand the VCAA marking schemes and requirements for each question. This will enable students to obtain every possible mark during their examinations that may otherwise be missed. This program is available for Units 3 & 4:

- Biology
- Chemistry
- Mathematical Methods
- Physics
- Specialist Mathematics

Please note: This program will not cover a full content revision and as such should not be done on its own. Students are advised to attend the September Holiday Program also to obtain a full content revision.

End-of-Year Revision Program - 10 hours, 6.5 hours or 5.5 hours

Conveniently scheduled between October 12th and October 27th 2019 and just a couple of weeks before the final exams, the End-of-Year revision program provides that all-important last opportunity to ask questions and clarify key examinable areas.

This program provides students with a detailed revision of all examinable subject content leading up to the end-of-year exams. As part of the emphasis of this program, each student will acquire up to the minute tricks, hints and strategies on how to blitz the final exams from experienced VCE assessors.

“This revision session gave me more than just additional knowledge, it gave me a confidence boost which will be of good use towards the exam.”

Dustin Hollis

Key features of this program:

- 10 hours of revision for the Melbourne programs for Biology, Chemistry, English, Further Mathematics, Mathematical Methods, Physics, Psychology & Specialist Mathematics
- 6.5 hours of revision for the Melbourne programs to All Other Subjects
- Exam tricks, hints and strategies from experienced VCE assessors
- Common exam errors exposed!
- Each student receives a set of bound, comprehensive revision notes, written to an A+ level
- Access the TSSM '50 question quiz' which helps you identify, isolate, and improve your study weaknesses in each subject
- Conquer the Exams - Strategies for Exam Success Seminar, complimentary with every End-of-Year Revision subject enrolment
- Each student will be given a trial examination paper with every subject (two for the mathematics subjects)
- Regular breaks are scheduled throughout the day for each subject, keeping students fresh and eager to learn.

Our VCE teachers will help you succeed

TSSM's teachers are among the best in the State. To give you the best chance of success, we've ensured that the majority of our teachers are VCAA Exam Assessors, State Reviewers, or Published Authors with an in depth understanding of the specific course and assessment requirements of the VCE.

Our teachers have a knack for simplifying subject content that VCE students find difficult into more understandable and practical forms.

This is done through their excellent communication skills and their love for teaching. This in turn helps VCE students optimise their performance in exams.

For more information about our teachers, and specific teacher profiles, visit us online at www.tssm.com.au or phone us on 1300 134 518.

The TSSM Advantage - Why choose us?

By taking part in one or both of our unique exam preparation programs, you will develop sophisticated problem solving and time management skills, as well as powerful study habits and exam techniques that will help you excel in VCE and beyond!

Choosing TSSM means selecting the most effective VCE exam preparation in the smallest class sizes, our point of difference!

No auditoriums are used, rather smaller classes with exceptional VCE teachers who mark the real exams! This has proven to better prepare students for their final exams, as students are able to clarify key VCE concepts by asking questions.

"I liked the small class sizes. It was less intimidating to ask questions. I have been to lectures in universities that I didn't want to ask questions in."

Eliza Johnson

All students who take part in our September Holiday Program or End-of-Year Revision Program classes also receive:

- Practice with likely examination questions
- Thorough tuition on core VCE concepts
- Professional concept revision that reduces pre-examination pressures
- An open, 'ask questions' teaching environment
- Assistance on examination tricks, common student pitfalls and errors
- Interactive teaching that reinforces concepts taught at schools
- Individual motivation and support

Additional Benefits

- Classes conducted by VCAA Assessors, State Reviewers and Published Authors
- Small, interactive classes – you will benefit from interactive engagement with our teachers
- Friendly, helpful teachers
- Each subject provides the most comprehensive exam preparation currently available with a revision of up to 28 hours (when students enrol in both programs and the Additional Maths and Science Subject Specific Applications & Extension Questions Classes)
- Classes cover all Areas of Study as prescribed by the VCAA Study Design
- We provide plenty of opportunities to ask questions

Students are encouraged to attend both the September Holiday Program and the End-of-Year Revision Program for a given subject. This will provide students with the most detailed and comprehensive revision with an unparalleled up to 28 hours of class time!

"It was just a fantastic in-depth overview of the semesters work. It was brilliant."

Celeste Coyne

"Great notes, great presenter, and great atmosphere; I'd recommend it to all."

Daniel Trimarchi

"This program was beneficial as it provided students with a comprehensive set of notes. The lecturer was interactive with the audience but also varied it up by showing videos of how these concepts applied to every day life. Overall I was very satisfied."

Jessica Clark

"A very thorough and well explained lecture. We covered details we missed at school. This has set me up for the exam. Thank you."

Chloe Abel

5 benefits of attending both programs

If you're studying Units 3 & 4 VCE subjects, then you can't go past the advantages that come from taking part in BOTH the September Holiday Program and End-of-Year Revision Program for a given subject.

As each program focuses on a different aspect of exam preparation, enrolling in both programs provides the most comprehensive exam preparation currently available with up to 28 hours of exam class time! (if you also enrol in the Additional Maths and Science Subject Specific Applications & Extension Questions Classes). Here are 5 good reasons to enrol in both programs:

1. You'll get an early start with the September Holiday Program and will be able to identify your problem areas ahead of time.
2. A fresh perspective; you're likely to have a different teacher taking the End-of-Year Revision program.
3. You get a second chance to ask questions and clarify issues.
4. Once you've completed the September Holiday Program, you'll still have the opportunity to undertake the End-of-Year Revision Program in October and further refine your skills.
5. You have the opportunity to meet a new group of outstanding students and benefit from their knowledge.

Step 5: Select the Calculator Mastery Session you wish to enrol in (please ✓ one)

Investment: \$69 per session OR only \$45 with a Mathematical Methods or Specialist Mathematics September Holiday Program enrolment.
